

1, Types of mediums ?

Radio Frequency - wireless
Electrical signal - Copper cable
Light signal - FOC

2, Write down switch 8-pins ?

1 +R

2 -R

3 +T

4 +V

5 -V

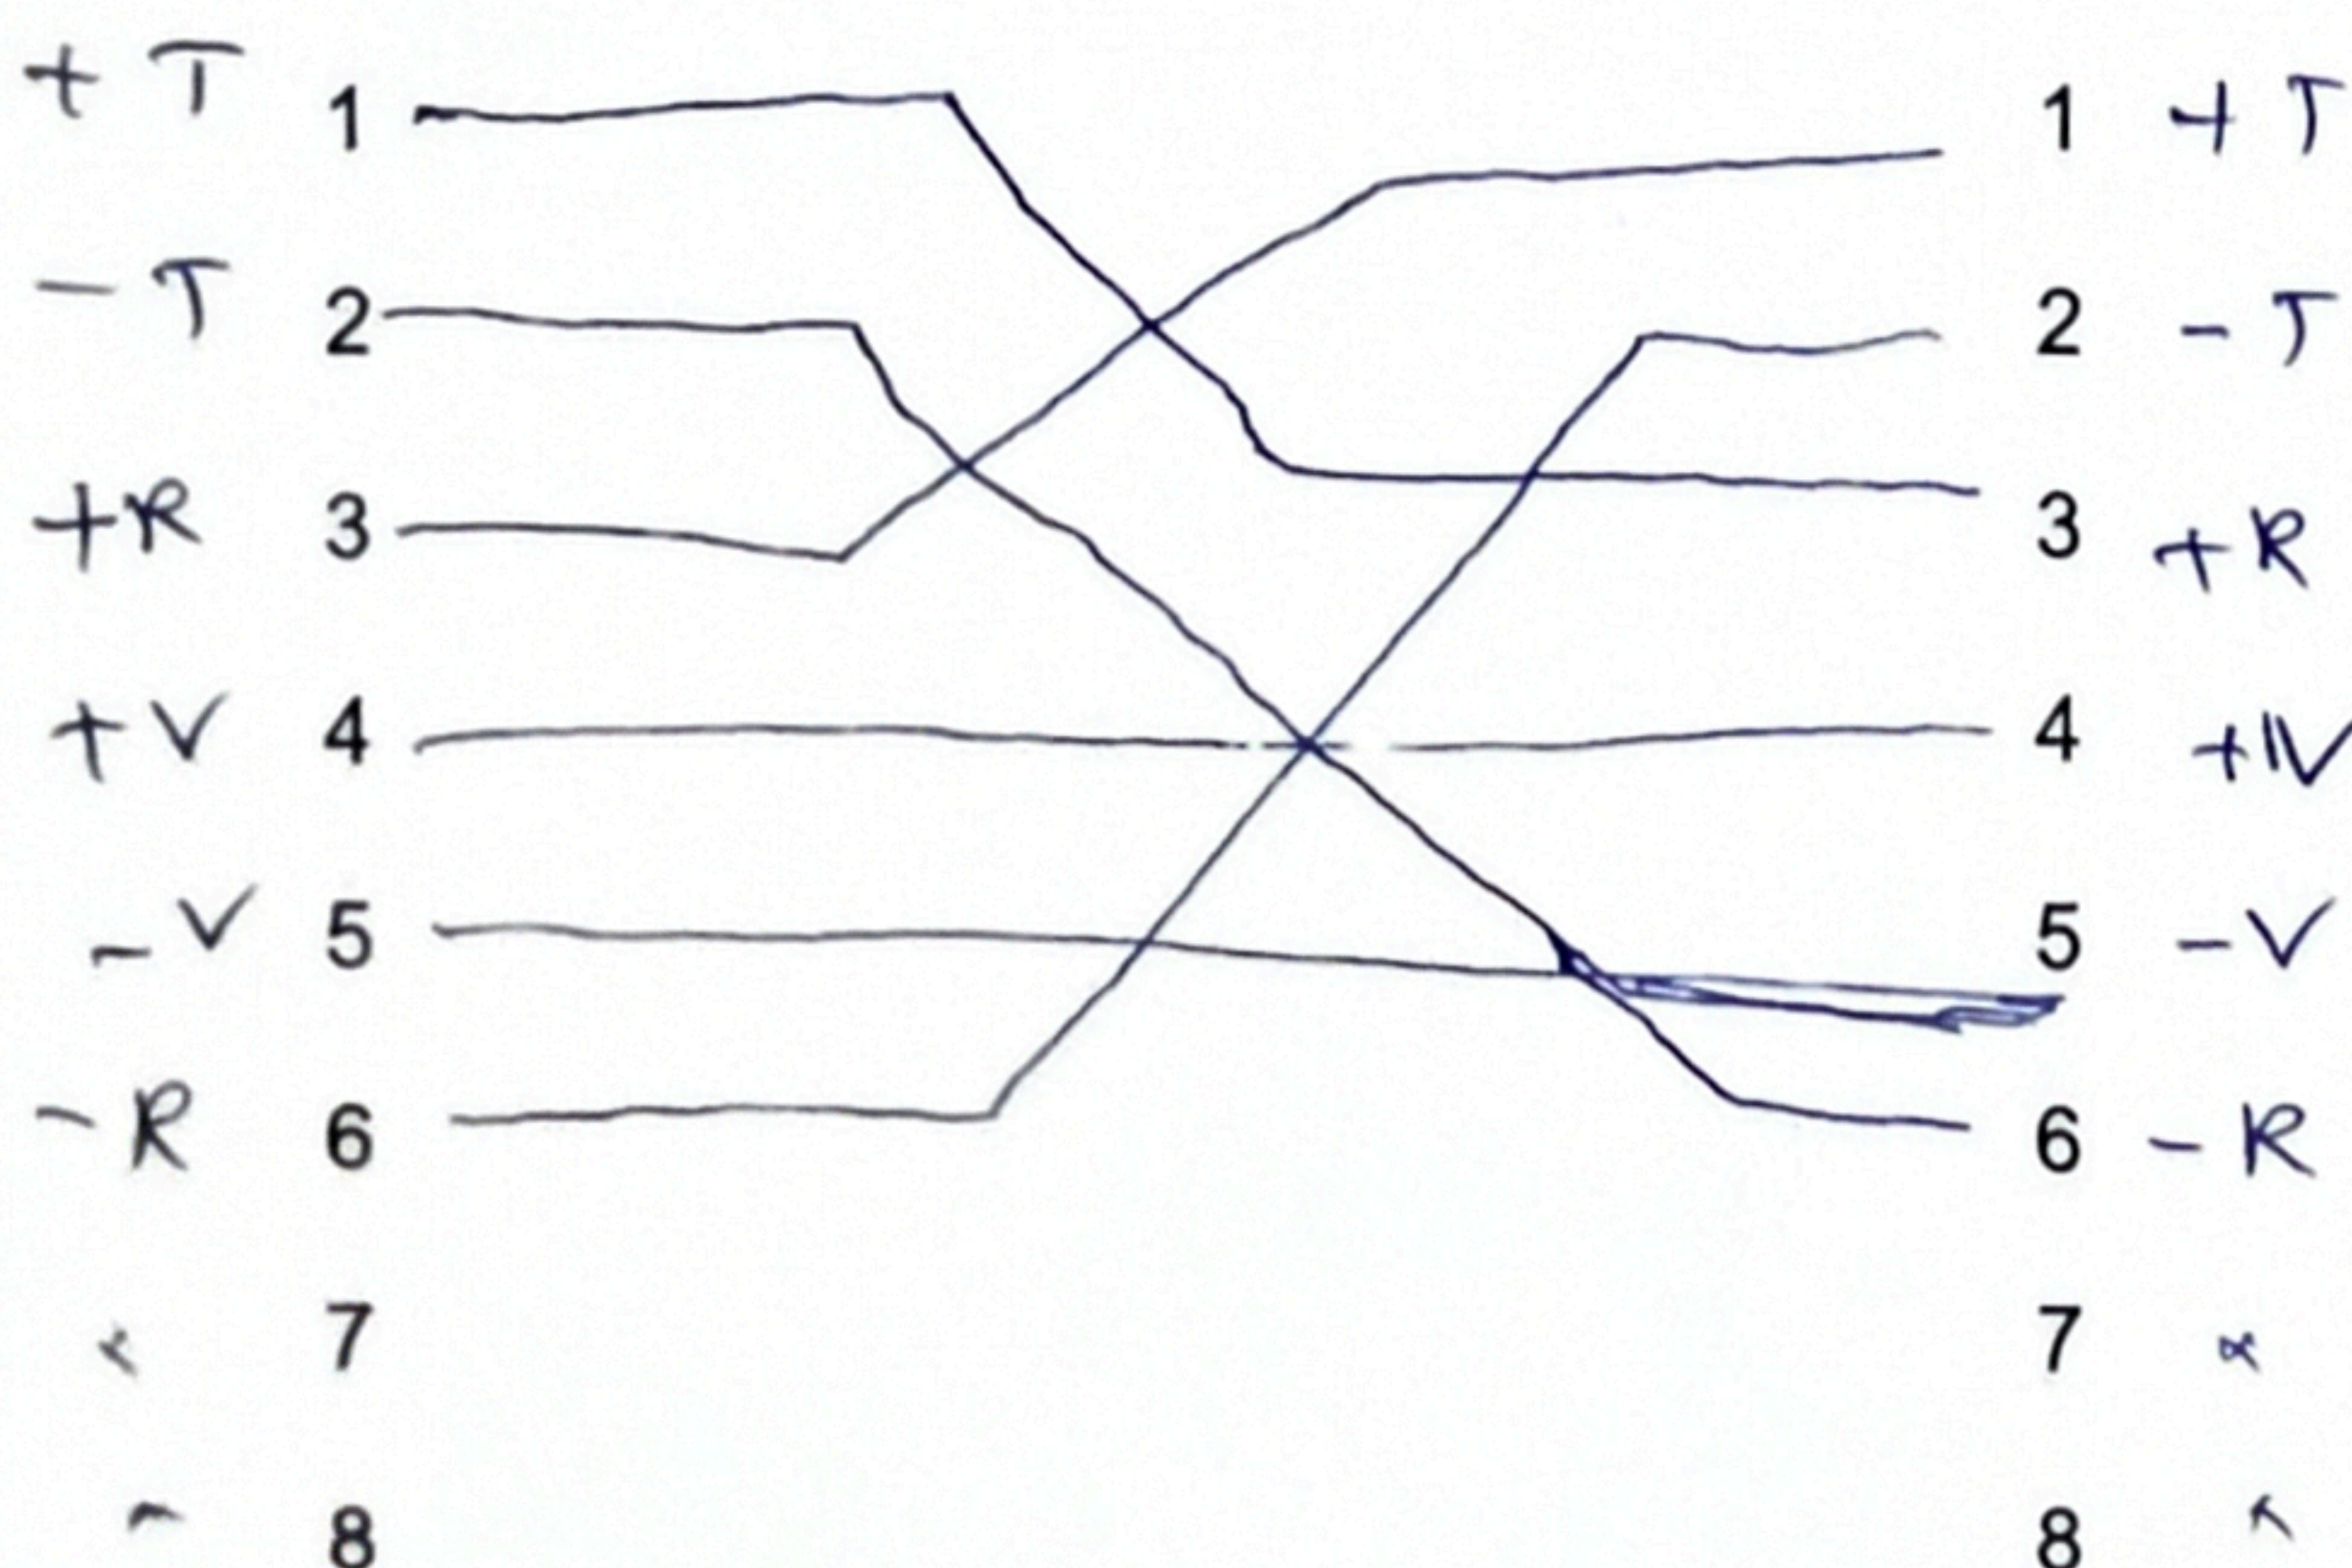

6 -R

7 x

8 x

Device	+T	-T	+R	-R
Pc	1	2	3	6
Router	1	2	3	6
Switch	3	6	1	2

3, Connect utp cable between two devices

4, Explain AUTO MDIX ?

To convert (+T to +R) automatically.

If Cross cable connected with the AUTO MDIX Technology will change automatically to straight cable.

5, Explain POE injector ?

6, Explain POE switch ?

7, Explain types of nic & function ?

1) Wired
 Ethernet
 Fiber

↳ wireless

1) ~~At~~ Ethernet will send data From Binary to Electrical when Receive From Electrical to Binary.

2) wireless - will send data From Binary to Radio Frequency - when Receive From Radio Frequency to Binary.
